

Organization of Workshops, Conferences, and Specialized Schools

1. Scientific Committee member of the Twelveth International Conference on Composite and Nano Engineering. ICCE-12
2. Member of the Steering committee of World Renewable Energy Congress (from Jan 89 to Dec. 1996).
3. Workshop on the on Photovoltaic fabrication programs Held by INIRST in the framework of the Solar Energy Mondial Summit organized by UNESCO, Tunis, June 1994.
4. “Decomposition of PDE based problems to determine granularities of the associated numerical solver, task scheduling and parallel programming” (ENSI - Tunis, Feb.1989).
5. “Process design for solar grade polycrystalline silicon cell fabrication”. Journées du Photovoltaïque en Tunisie (INIRST - Tunis, 13 July 1988).
6. Optical and Electrical Characterization semiconductor devices. Evaluation workshop of the Solar National Research Program (INIRST - Tunis, April 1984).
7. I-V Characterization of CdS/Cu₂S thin film solar cell: Set up and measurement discussion. (INIRST-Tunis, March 1983).
8. Spectral response of solar cells: Theory and practice. Inter-regional Solar Energy School. (FST / INIRST-Tunis, Dec.1981).
